Provider Verification Sheet

One provider or facility, one location, one exact plan per copy.

Ask about the exact plan, year, and location - not just the insurer. Accepting Original Medicare does not establish a Medicare Advantage network match.

Plan name / contract and plan ID:

Plan type: Plan year:

Provider name / specialty or hospital / facility:

Exact street address / location:

Directory URL or document / date checked:

Directory result: Listed / Not listed / Unclear (circle one)

Resolve Conflicting Answers

One provider or facility, one location, one exact plan per copy.

Provider / location / exact plan (same as page 1):

Referral or authorization requirements / source and date:

DISCREPANCY AND FOLLOW-UP LOG

What is inconsistent or still unknown?

Next action / person responsible:

Follow-up date:

Plan reference number:

Resolution / source / confirmation date:

Final status (circle): Verified / Not checked / Unresolved

Keep new-patient acceptance separate from network status. Ask the office directly about availability. If answers conflict, ask the plan to clarify the exact provider and location; retain its written response or reference number.

A confirmation records what you were told on that date. It is not a guarantee of future network participation, authorization, or payment. Keep Medicare numbers, diagnoses, and other sensitive patient details off this sheet.
